

The METZ Center™ **Competency Study Series**

A Signature Educational Course
in Medical Competency with
Dr. James E. Metz

GOAL !!

Are YOU uncomfortable with TMD & Sleep Dentistry?

Are YOU in search of a Competency Course that
addresses YOUR questions and concerns?

"I have crafted an extended educational course
with the **end goal** of true Competence in Sleep
Dentistry! My signature course will take you to the
level that I personally consider outstanding."

James E. Metz, DDS

Now is the time to
*cultivate your competency,
expand your knowledge,
network with physicians and
grow your practice!*

The Metz Competency Study Series will include:

- **10 days of Training** within ten months in 2017
- Attending **2 sessions** of the Metz Center's Step Up to Introductory & Advanced Sleep Dentistry Continuum which features the most elite speakers in this field.
- Access to our **extensive database**
- **Empowering Your Staff!**
4 days of training for 2 of your staff members*

The Metz Competency Study Series is an
extended and intensive Course in Excellence!

Contact Angie at 614-252-4444 or metzdds@yahoo.com
for more information or to Enroll.

As requested:

No Sunday classes to allow for your travel schedules!

The 2017 course schedule is

January 20-21 2017

April 7 & 8, 2017 - Step Up Continuum

June 2-3, 2017

September 8-9, 2017

October 20 & 21, 2016 - Step Up Continuum

All sessions will be held in Columbus, Ohio.

Imagine...
really feeling confident!

Imagine...
being on the cutting edge
of sleep medicine!

Imagine... a physician treating
you as an equal and getting
referrals! It will happen, if you
have knowledge and data to
support your position!

The Metz Competency Study Series is an extended and intensive Course in Excellence!

Why should YOU invest in this Competency Study Series?

- **Technology** - Most sophisticated CBCT scanner and cephalometric system available in the USA, learn to work with digital impressions utilizing the Trios 3, Home Sleep Testing with WatchPAT, and Understanding of high resolution pulse oximetry utilizing SatScreen. *(This will include a WatchPat study and 3 nights of study with SatScreen for each participant at the beginning and end of the course of study.)*
- **You WILL LEARN** to obtain **superior outcomes** and know you are doing the very best for your patient.
- **Learn Efficiency of Care** - how to deliver a superior appliance in less time with stellar outcomes.
- **Access to Our Extensive Database** - Understand what has and has not been proven; Learn what is opinion and what is fact!
